

Figure 1.1 - Key to Trailhead Numbers (including facility matrix)

OSMP Trailheads	TRAILHEAD ACCESS						KEY TO Wheel-Chair Accessibility Ratings:				For information, download the Trail Accessibility Guide at: www.ci.boulder.co.us/openspace/publications/tap-guide.pdf
	Parking Fee	Equestrian	Bikes	Picnic Area	Fishing	Restrooms	Easy	Moderate	Difficult		
Bobolink	1										South Boulder Creek Trail meanders southward along the stream corridor and is highlighted by self-guided interpretive displays. This area affords seasonal viewing of the bobolink, for which the trailhead was named.
Boulder Valley Ranch	2										Bicyclists and equestrians frequent the Hidden Valley and Mesa Reservoir Trails. Eagle and Sage Trails form a loop between this trailhead and the Eagle Trailhead. The Cobalt Trail passes an old smelter used in the 1930s.
Buckingham Picnic Area	3										Buckingham picnic area has short trails that lead to picnic tables and access to Lefthand Creek. From Boulder, go west on Lee Hill Road, to Old Stage and the junction of Lefthand Canyon Drive. Four more picnic areas are in the area.
Chautauqua Meadow	4										Chautauqua Meadow provides access to: Mesa Trail, Royal Arch, the Flatirons, Gregory Canyon, and Green Mountain. Many loop hikes are possible.
Cherryvale	5										South Boulder Creek Trail is accessed from this trailhead by following the trail east from the trailhead, then north along South Cherryvale Road and west along South Boulder Road. The trail is sport wheel-chair accessible.
Cottonwood	6										Cottonwood Trail extends north and south from the parking lot. Southward it is hard surface, wheelchair accessible and heavily used by bicycle riders. The path follows the Four-mile Canyon Creek ditch and passes by Hayden Lake.
Crown Rock	7	\$									Crown Rock is located approximately 2.1 miles up Flagstaff Road and provides access to popular bouldering spots and Crown Rock Trail, which leads to Gregory Canyon.
Doudy Draw	8										Doudy Draw Trail runs southward along the riparian corridor before heading east up the slope to Flatirons Vista. Community Ditch Trail can be taken to the Marshall Mesa Trailhead or to the Greenbelt Plateau Trailhead.
Dry Creek	9										Dry Creek Trail provides opportunities for observing wildlife near Baseline Reservoir and is a popular spot for dog-owners and their pets. Dogs may not enter or disturb the adjacent prairie dog colony.
Eagle	10										An easy loop is provided by taking the Eagle Trail to the Sage Trail. This trail also provides access to the Mesa Reservoir area (an abandoned reservoir) and the Foothills Trailhead. Bicyclists and equestrians frequent these trails.
Enchanted Mesa	11										McClintock Trail follows a drainage, crosses Enchanted Mesa and ends at the Mesa Trail. Dogs are not allowed on McClintock. Enchanted Mesa winds upward and ends at the junction of the Mesa and Woods Quarry Trails.
Flagstaff Summit	12	\$									Flagstaff Summit provides access to: Boy Scout, Ute, Range View, Flagstaff, and the Plains Overlook trails. The Sunrise Amphitheater and Summit Nature Center are visitor attractions. This is a Fee Station parking area.
Flatirons Vista	13										Doudy Draw Trail heads westward through open stands of ponderosa pine before descending the western edge of the Flatirons Plateau. Community Ditch Trail intersects and heads eastward to the Marshall Mesa Trailhead.
Foothills	14										Foothills Trail heads west from the trailhead to the Hogback Ridge Trail intersection and from there turns south toward Lee Hill Road to the Four Mile Creek Trailhead. Eagle Trail is located to the northeast of the parking lot.
Fourmile Creek	15										Foothills Trail extends north and south from the Wonderland Lake parking lot. The trail is sport chair accessible from the parking lot south to the Utica Street access. The trail connects to the Foothills Trailhead, north.
Greenbelt Plateau	16										Greenbelt Plateau Trail heads north from the trailhead through grassland and ponderosa pine savannah. It affords beautiful views of the Boulder Valley as the trail meanders toward the Community Ditch Trail.
Gregory Canyon	17	\$									Gregory Canyon can be taken to Saddle Rock, Amphitheater, Crown Rock, Realization Point, Green Mountain, and Bluebell-Baird trails. This is a Fee Station parking area for users from areas outside of Boulder County.
Lefthand	18										The Lefthand Trail provides bicycle, equestrian and hiking connections to Boulder Valley Ranch trails and facilities. **Scenic views of Lefthand Reservoir can be enjoyed, but the lake itself is private property.**
Marshall Mesa	19										Marshall Mesa Trail connects to the Community Ditch Trail and a loop hike can be taken combining these two trails. Self-guided interpretive signs on coal mining and geologic history of the Marshall area are located along this trail.
Mesa	20										Mesa Trail can be taken to Shadow Canyon Trail and to South Boulder and Bear Peaks. The Mesa Trail also connects to the Towhee Trail, Homestead Trail, South Boulder Creek Trail, and Big Bluestem Trail.
Mount Sanitas	21										Sanitas Valley Trail is a wide, graveled trail heading north up the valley between the Hogback Ridge and Mount Sanitas. Mount Sanitas Trail is a moderate to difficult trail which meanders both sides of the ridge to the summit.
N.C.A.R.	22										NCAR's Walter Orr Roberts Trail leads to the Mesa Trail, which leads to Chautauqua Park and south to the Mesa Trailhead. Mesa Trail provides access to Skunk Canyon, Mallory Cave, Bear Canyon, Bear Peak, and Fern Canyon.
Panorama Point	23	\$									This pull-off is located approximately 0.5 miles up Flagstaff Road, and gives the visitor magnificent panoramic views of the Boulder Valley. Hikers may access Panorama Point from spur trails off the Flagstaff Trail. Bring your camera!
Realization Point	24	\$									Realization Point links with Ute, Range View, Tenderfoot Chapman Loop, Ranger, and Green Mountain Trails. This is a Fee Station parking area for visitors from areas outside of Boulder County.
Red Rocks/Anemone Hill	25										This is actually a network of short trails. The northern trail starts at Centennial Trail, goes up to the Red Rocks, passes Anemone Hill, and ends at Settlers Park.
Settlers Park	26										This is actually a network of short trails. Red Rocks Trail starts at Settlers Park, goes up to the Red Rocks, passes Anemone Hill, and ends at Centennial Trail.
Sawhill Ponds	27										Sawhill Ponds Wildlife Preserve is owned by the Colorado Division of Wildlife and managed by the Open Space and Mountain Parks Department. There are several trails that wind among the ponds. Dogs must be leashed.
Sombrero Marsh	28										Sombrero Marsh is located south on 63rd Street off of Arapahoe Road, behind the BVSD property. On-site is a short nature trail, boardwalk, and wildlife viewing blinds.
South Boulder Creek West	29										South Boulder Creek Trail, West, provides a link from the historic Van Vleet Ranch to trails west of Highway 93. Big Bluestem Trail and S. Boulder Creek Trail pass through splendid remnants of the tallgrass prairie.
Teller Farm North	30										East Boulder Trail extends to both the north and south from this trailhead. **Please note that all visitors must stay on trail as marked in the White Rocks Area -the property is private land- Boulder holds a conservation easement.**
Teller Farm South	31										Northward, from the trailhead entry road, the East Boulder Trail meanders through farmland utilized for crop production, cattle and horse grazing and bee keeping. Gas and oil wells along the trail are privately held.
White Rocks	32										East Boulder Trail extends to the west from this location through rolling hills of the grassland ecosystem. **Please note that all visitors must stay on trail as marked in the White Rocks Area -the property is private land.**
Wonderland Lake	33										Wonderland Lake Loop Trail encircles Wonderland Lake providing an easy walk. Sport chairs can access the dam for fishing from the Poplar Street access. Foothills Trail extends north from the northwest side of the lake.

* Trailhead parking lot has been designed to accommodate horse trailers.
Equestrian use is not restricted to these properties.
